

CONN - SELMER, INC.

We make legends.

Bach and Conn-Selmer instruments are manufactured and distributed by Conn-Selmer, Inc., a Steinway Musical Instrument Company. Conn-Selmer, Inc. has a long standing commitment to music education, including starting the first music school for band directors, assisting in the development of the Interlochen Music Camp and establishing the first network of music dealers in the United States. Today Conn-Selmer, Inc. supports every major music education organization, including the Music Educators National Conference and its associated state organizations.

Prelude by Bach and Prelude by Conn-Selmer instruments have been developed to provide more students with the opportunity to share their musical abilities. Visit conn-selmer.com and learn more about the world of musical opportunities awaiting you as your musical journey continues.

Prelude

by CONN - SELMER

PC700 Piccolo

The PC700 piccolo is designed for ease of sound production and enables players to make a smooth transition from flute to piccolo. A secure and accurate E3 combines with the ease of play for an extremely functional instrument suitable for outdoor and indoor performances.

PC700 features

- Composite conical body
- Silver-plated head joint and lip plate
- Split E mechanism
- Silver-plated key mechanism
- Scale allows for A: 442 Hz. tuning
- Hard-shell case

FL700 Flute

The FL700 flute provides the beginning flutist with ease of sound production, allowing for a focused and centered sound. Ribbed construction provides durability as well as stability. The ergonomic key design enables correct and comfortable hand position.

FL700 features

- Silver-plated head, body and foot
- Silver-plated key mechanism
- Lightweight fabric covered case
- Stainless steel screws
- Cleaning rod

FL700E features

- Split E mechanism

FL700RI features

- Open hole, in-line, C foot

CL700 B^b Clarinet

The CL700 clarinet features keys designed for beginner's hands, enabling correct and comfortable hand position. Instrument body is machined from durable hard rubber with a polished medium-sized bore that provides balanced resistance, ease of tone production, and a centered sound.

CL700 features

- Brushed wood grain finish
- Short barrel allows for A: 442 Hz. tuning
- Nickel-plated keys
- Cork grease
- Hard-shell case
- White skin pads
- Molded mouthpiece with cap and ligature
- Handkerchief swab
- #2-1/2 Reed

AS700 E^b Alto Saxophone

The AS700 alto saxophone key design allows for correct and comfortable hand position. The yellow brass body includes ribbed construction and a detachable, reinforced body-to-bow connection for added strength and durability. Prelude bore design enhances projection.

AS700 Features

- Left-hand table key rocker mechanism with articulated C# adjusting screw
- High F# key
- Engraved bell
- Dark lacquer body and keys
- Adjustable metal right-hand thumb rest
- Kid leather pads with metal resonators
- Molded mouthpiece with cap and ligature
- Neck strap
- Cork grease
- #2-1/2 Reed
- Hard-shell case

TS700 B^b Tenor Saxophone

The TS700 tenor saxophone key design allows for correct and comfortable hand position. The yellow brass body includes ribbed construction and a detachable, reinforced body-to-bow connection for added strength and durability. Prelude bore design enhances projection.

TS700

- Left-hand table key rocker mechanism with articulated C# adjusting screw
- High F# key
- Engraved bell
- Dark lacquer body and keys
- Adjustable metal right-hand thumb rest
- Kid leather pads with metal resonators
- Molded mouthpiece with cap and ligature
- Neck strap
- Cork grease
- #2-1/2 Reed
- Hard-shell case

The Prelude Series . . .

Designed as an affordable option for beginning band students, the Prelude series of entry-level instruments combines value and performance. All instruments are built to stringent specifications as determined by Conn-Selmer and Bach and supported by our ongoing commitment to service. Each outfit includes instrument, necessary accessories, and care & maintenance instructions.

TR700 B^b Trumpet

The TR700 trumpet combines a .459" medium-large bore with a red brass leadpipe for durability and ease of tone production. Nickel-plated nickel silver pistons provide smooth action while holding up well to the rigors of beginning band programs.

TR700 features

- Genuine Vincent Bach 7C mouthpiece
- 4-3/4" two-piece yellow brass bell
- Clear lacquer finish
- Enclosed top-action valve springs
- First slide thumb hook
- Adjustable third slide finger ring
- Two water keys
- Bach valve oil
- Hard-shell case

TB700 B^b Trombone

The TB700 features a balanced design that enables comfortable instrument position for the young player. The .509" medium bore is designed for ease of tone production while allowing for proper embouchure development. Chrome-plated brass inner slides are durable and provide smooth action.

TB700 features

- Genuine Vincent Bach 12C mouthpiece
- 8" two-piece yellow brass bell
- Brass outer slides
- Clear lacquer finish
- Removable balance weight
- Bach slide cream
- Hard-shell case

Prelude
by Bach®

We Make Legends . . .

Bach brass and Conn-Selmer woodwinds are preferred by more professional musicians than any other brand. Prelude by Bach and Prelude by Conn-Selmer instruments have been developed to provide more students with the opportunity to begin that musical dream, the chance to excel, and the ability to share their musical talents.
